Dear Parents/Guardians,

At South Point School we place teaching and learning at the heart of all that we do and our central purpose is to provide quality education to all children in our care. To this end we believe that imparting education should be through a genuine partnership between home and school.

Our aim is to provide a happy and purposeful environment, built upon mutual respect and positive relationships, that encourages endeavour, an enjoyment of learning, and the pursuit of personal achievement in all aspects of school life. Each student is encouraged to be successful, active and confident in whatever they do.

We visualize a holistic development of children as future leaders of the society, country and the world in fields of their choice. Academic pursuit by them in the school will be in an atmosphere which will be devoid of any stress but will be a joyous experience. All stakeholders, the school authority, teachers, parents and guardians collaborate on the all round development of the child into productive citizen of tomorrow. The child learns here to believe in himself or herself, and think out of the box for answers and solutions. Its not just information that are disseminated but training in life skills that are imparted that enable them to pursue higher learning with ease and confidence.

Thank you for your interest in this school and for going through this prospectus. I hope you will find it informative and helpful in deciding if this school is the right choice for your child. If you decide so, you will be required to fill in the admission form supplied and submit the same to school administrative office with photograph and other documents required. After primary screening you will be invited with your ward to appear in an interview and a selection list will be put up thereafter. Please feel free to contact us if there are any further queries. I look forward to a long and fruitful association with all parents/guardians of wards joining our school in the coming session 2020-2021.

If you want to find out more about our school, please do not hesitate to contact us. We are always pleased to meet with parents, to show them around our school and to talk about our work.

You may also visit our school web site, www.spsghy.co.in for more information about us.

Overview

Established in the year 1960, South Point School, Guwahati is a co-educational day-cum-boarding school. The School is affiliated to Central Board of Secondary Education (CBSE), New Delhi. The school provides liberal education on modern lines with stress on innovation to suit changing times and requirements. The foremost aim of the school is to train students to be honest, cooperative and disciplined.

With an infrastructure that supports excellence in all areas, South Point School provides a wide array of facilities to provide instruction and training in scholastic and co-scholastic areas.

The school is located on a 3-acre campus in the city of Guwahati — the capital of the State of Assam. As the gateway to the North East India, Guwahati combines a quaint old-world charm with the vibrant

environment of a modern city having a cosmopolitan culture. The campus is on a quiet street off Lokhra Road in the southern part of the city.

Our Mission

Our mission is to ensure that all children become achievers, to instill in them the desire to go the full course and give their best in everything that they do, and while doing so, make each school day special. Our motto is “**Pursuit of Excellence**” and we aim to provide the best possible environment for our children to excel.

Morals

The school sets a premium on moral well-being of its students. They are made aware of the ‘dos and don’ts’ in everyday interaction with others in school, home and elsewhere. Students are told about social mores and customs they are expected to respect and abide by, through actual class room activities as well as through skits and play-acting. Students are encouraged to differentiate between the right and the wrong and are taught to be infused with a sense of morality from early in life.

Discipline

Constant vigil is maintained to ensure discipline among students within the school premises and beyond at all times during school days. Students are expected to conduct themselves in appropriate and acceptable manner and to be aware that breach of discipline will surely invite disciplinary measures from the school authority. Corporal punishment is totally done away with, and the favoured correctional steps are fines and suspensions.

Scholastics

The school strives to maintain high academic standards in conformity with the policies and agenda of Central Board of Secondary Education (CBSE), New Delhi to which it is affiliated. Constant monitoring of the students' acquisition of knowledge and skills is effected through our association with Education Initiative (EI), Ahmedabad, a premier scholastic testing organization and the periodic conduct of Assessment of Scholastic Skills through Educational Testing (ASSET) organized in house by EI.

Selection of subjects of study and their courses at the primary level is as per the guidelines and design set down by the National Council of Educational Research and Training (NCERT). Computer Science is taught as a compulsory subject from classes 4 to 8 and as an optional subject beyond. The school has two well-equipped computer laboratories for this purpose. English is taught as 1st Language. Students of classes 1 to 10 are given a choice of one 2nd Language from Assamese, Hindi and Bengali. Students of classes 6 to 8 studying Hindi or Assamese/Bengali as 2nd Language also study Assamese or Hindi as an additional 3rd Language. The subjects of study in the secondary and senior secondary sections are as prescribed by CBSE, New Delhi. The school also has modern and well-equipped Physics, Chemistry, Biology and Geography laboratories to provide practical instructions to students.

Attendance

The school expects regularity of attendance from its students. Above 90% attendance during the academic session is the norm and the students are discouraged from taking day off for minor reasons. Students with 100% attendance during the session are awarded special certificate and gift a book on the Annual Exam. Result Day and Award Ceremony.

Students and their parents/guardians are to note that although illness or other serious circumstances may be considered valid reasons for absence from school, avoidable and continued absence from school, failure to write the required number of assignments, unjustified absence from tests, tutorials, practical, examinations, etc., seriously prejudice a student's academic record. If a student persistently continues not to conform to stated requirements, the school might refuse an admission to the student into the next academic year.

Library

The school has three (3) spacious and well-stocked libraries and reading rooms for Pre-Primary, Primary and Secondary/Senior Secondary school students. Students may borrow books from a wide range of story books, general interest books and reference books. A variety of newspapers, magazines, periodicals and journals, English and Vernacular, encyclopedia, and some other books are available for in-house reading. Two audio-visual rooms allow students to listen to and view educational materials, and participate in workshops and seminars.

House System

The school has a House system whereby all students are allotted a House each from four-Red, Blue, Green and Orange. Inter-House competitions are organized on all working Saturdays. House scoring the maximum points in scholastic and co-scholastic fields is awarded the Best House Trophy at the beginning of the subsequent school session at a Banner Presentation Ceremony in school.

School Days and Timings

The school has six days week (Monday - Saturday) for all classes and five days week (Monday -Friday) for Senior Secondary Section. 2nd & 4th Saturdays are holidays.

TIMING :

Classes 1 to 3	: 9-00 a.m. to 12-40 p.m.	(With a recess after the 3rd period)

O, Incarnation of Truth
And Beauty thy Liveth

In the Joyful Region
In the Light of Bliss

Thy Glory is Manifested
In the Boundless Sky

The Universe Rest At
Thy Bejewelled Feet.

School Song

We are the students of South Point School,
Ever so bright and ever cheerful,
We come from the North, South, East and West,
We come from all corners to give our best.

South Point School,
Yours and mine,
South Point School,
Here we shine,
South Point School,
In study and sports,
South Point School,
Through our sincere efforts.

We follow the motto of Co-operation,
Honesty, Discipline and Devotion.,
We are the future of this glorious land,
We march together hand in hand,
South Point School,
Yours.....

We are loyal to our parents and teachers,
Kind to the helpless and all living creatures,
We wear the colours of black, white, maroon,
Together we sing this joyous tune,
South Point School,
Yours.....

Together we head for a wonderful future,
And bear the torch of our glorious culture,
"Vidyahi Mukte" is our clarion call,
We pray for the light of knowledge for all,
South Point School,
Yours.....

School Pledge

India is my country.
All Indians are my brothers
and sisters.
I love my country, and I am
proud of its rich and varied heritage.
I shall always try to be worthy
of my country.
I shall give my parents,
teachers and all elders,
respect, and treat every one
with courtesy.
I shall be kind to animals.
To my country and people,
I pledge my devotion.
In their well-being and prosperity
alone lies my happiness.
